Title: "Classification of Semigraphical Translators: The yeti doesn't exist!"

Abstract:

In this talk I will discuss the non-existence of certain solutions to the equation that determines translating solutions to Mean Curvature Flow. This result completes the classification to semigraphical translators.

Friday, March 14th at 12:10 pm.

Venue: **Sala John Von Neumann, CMM.** Beauchef 851, 7th floor.
